

Power Bank 2600 for iPhone 5

AM409

Powerful compact Power Bank for iPhone 5.

The Power Bank 2600 for iPhone 5 or iPod with lightning connector is a compact backup battery. Designed in an attractive white casing.

In addition to the integrated Lightning connector for iPhone 5, the Power Bank also has a built-in Micro USB connector for charging other Smartphones. (Nokia, Samsung, HTC, Blackberry etc.) The Power Bank is plug and play, connect your smartphone and charging starts immediately.

The built-in LEDs shows how much energy is stored in the Power Bank. The Power Bank 2600 itself is rechargeable by USB.

The Power Bank is pocket size designed so it is easy to take along. Wherever you go you are always assured of extra power. On the train, on the beach, terrace or in the car, during holidays or business trips, always and everywhere a charged smartphone!

In short:

- Official Apple Licence
- Universal Power Bank
- 2600mAh internal Li-polymer battery
- Integrated Lightning and Micro USB connector
